Summary

Passionate and detail-oriented Information Science engineering student with strong expertise in **React.js and the MERN stack (MongoDB, Express.js, React.js, Node.js)**. Experienced in building scalable web applications, developing responsive user interfaces, and integrating backend APIs. Skilled in modern JavaScript, RESTful services, and problem-solving. Eager to contribute to innovative software development projects and grow as a full-stack developer specializing in modern web technologies.

Skills

Programming Languages: Python, C, Java

Web Technologies: HTML, CSS, MERN Stack

Tools & Platforms: Power BI, GitHub

Creative Skills: Video Editing, Photography

Soft Skills: Team Management, Event Coordination

Experience

Web Developer Intern

Feb 2026

Sn Info Systems/Present

- Currently working on developing and maintaining responsive web applications.
- Assisting in improving website performance and user experience.
- Collaborating with the team on frontend development tasks using modern web technologies.

MERN Stack Web Development Trainee

2024 – 2025

Next Gen Employability Program

- Built scalable full-stack applications using MongoDB, Express.js, React.js, and Node.js.
- Improved debugging and problem-solving skills through hands-on projects.

Projects

Smart Glasses for Visually Impaired (InSight AI) | ESP32-CAM, AI

2024

- Developed smart glasses using ESP32-CAM with AI-based real-time object detection and voice feedback.
- Provided a low-cost and portable solution to enhance mobility and independence for visually impaired users.
- **GitHub:** github.com/BhaskPand/SmartGalass

AI Voice Bank | Python, SQLite, HTML, JavaScript

2024

- Built a voice-driven interactive banking interface with SQLite backend and web frontend.
- Implemented AI-based voice commands for banking operations.
- **GitHub:** github.com/Dhanux05/Ai-Voice-Bank.git

Personal Portfolio Website | Next.js, React, Tailwind CSS

2025

- Designed and developed a professional portfolio website with responsive UI/UX.
- Showcased projects and technical skills with smooth navigation and animations.
